

Design docs

Specs and implementation plans for Volley, kept for design history.

These were originally authored in the RASA project tree (where Volley was first extracted from the in-repo “DUO” workflow) and ported here so they live with the code they describe.

Doc	Type	Topic
2026-06-01-volley-plugin-extraction-design.md	Plugin-extraction-design	Extracting DUO into the Volley plugin
2026-06-01-volley-plugin-extraction.md	Plugin-extraction.md	18-task extraction build plan
2026-06-02-volley-configurable-roles-design.md	Configurable-roles-design	Configurable roles / separation of duties
2026-06-02-volley-configurable-roles.md	Configurable-roles.md	v0.2 6-phase / 13-task build plan
